Smile, and the world will smile at you! Discuter avec nous Inscrivez-vous and notre newsletter S'inscrire Param'tres Mim-Pi collections are not created in one day. Not in a week. Not even in a month! Designer Miss Mim-Pee travels, and she travels a lot. What she sees and experiences stays with her. From Melbourne to Bali via Ibiza or India. Inspiration can come from anywhere - button, postcard, even tape. And so the unique designs, colors and shapes give birth in her mind to create thighs and sweet clothes for girls. We want people to know that it is possible to produce sustainable clothing. MIM-PI is an honest brand. In the depths of life, everyone knows that a dress for 15 euros can hardly be made in a sustainable way. For this price the environment was probably compromised and people were used. By supporting brands like MIM-PI, you make a statement: you do not approve of this kind of practice. The extra money you spend on a beautiful dress ensures that brands like we can continue our environmental and sustainable manufacturing process. And it feels great! We work with garment factories and clothing manufacturers that offer good working conditions.
